

SCG / Grid Facility Department Meeting July 2010

Overview

- On Accomplishment Reports... (?)
- Safety
- Goal Evaluation Time
- Changes to the org chart
- CHEP2010
- Fermi Cloud
- Dept. Lunch

Jul 7, 2010

Gabriele Garzoglio
Computing Division, Fermilab

On Accomplishment Reports... (?)

Safety

- The warm weather brings more bicyclists to Fermilab, increasing chances of collisions with motorists.
- Fermilab's Traffic Safety Subcommittee plans to reach out to area bicyclists because of a rise in the number of complaints regarding bicyclists...
 - ...riding through stop signs without stopping
 - ...riding more than two abreast, taking up a full lane
- Members suggested that Fermilab promote more education and awareness through...
 - community bicycle clubs and shops
 - have the gate guards advise bicyclist of the Illinois bicycle rules of the road
 - larger signs explaining bicycle rules
- The Traffic Safety Subcommittee will take all advice under consideration

Goal Evaluation Time

- Accomplishment reports for the year are due as soon as possible
- The evaluation cycles is Jul 1, 2009 – Jun 30, 2010
- Please turn accomplishment reports in no later than Jul 15

Changes to the org chart

- Andrew Baranoski is leaving on Jul 9, 2010
- Andrew was working on
 - MCAS: we will put the project on hold for the summer
 - CEDPS: Burt and I are working together to find effort for CEPDS
 - Gratia: the project will temporarily absorb this effort internally

Status of CHEP 2010 Abstracts

- 3926 - Evolution and deployments of MCAS, a Metrics Correlation and Analysis Service – **Status: Accepted for Poster Presentation**
- 3925 - Authentication, Authorization, and Contextualization in FermiCloud – **Status: Accepted for Poster Presentation**
- 3919 - A method of searching LDAP directories using Xquery – **Status: Accepted for Oral Presentation**
- 3918 - Adoption of a SAML-XACML Profile for Authorization Interoperability across Grid Middleware in OSG and EGEE – **Status: Accepted for Oral Presentation**
- 3917 - Towards a Scalable Virtual Organization Privileges Management Environment – **Status: Accepted for Poster Presentation**
- 3915 - Scaling HEP to Web Size with RESTful Protocols: the Frontier Example – **Status: Accepted for Oral Presentation**

FermiCloud

- Status report from Steve

Dept. Issues

- Who will organize the Jul 2010 dept. lunch? Gabriele
- Jul 26: Steve is organizing for Condor to give a tutorial on Condor at FNAL
