

# GRID Facilities Department Meeting

# Giant Machine Creates Science

The Onion explains the inner workings of the complex, expensive science thing.

## A Science Machine

The expensive device will test and execute more science than ever before

- 1 Scientists make sure machine's On/Off button is switched to On
- 2 Parts of the machine begin to move, at first slowly, and then rapidly
- 3 A lot of science begins to generate
- 4 Many things light up and sounds of thunder happen
- 5 Science ends

# Agenda

- Safety
- Counterintelligence Memo
- Other Items
- AOB
- Presentation : FermiGrid Monitoring

# Counterintelligence Memo

- Please Read
- Lists important information when traveling abroad

# Other Items
